

NEW LOGO / NAME REVEAL

In 1989 the vision for MMS was born in the basement of Glenn and Kim Miller's home: providing bookkeeping services to churches who were struggling to keep up with administrative burdens. Since then, services have expanded, technology has changed, our office space and locations have expanded, and now it's time to update our name and our look to match who we are today.

We have been incorrectly called many names over the years, Miller Services, Miller and Associates, Miller Accounting and the list goes on. Our vision for changing our name and logo is simply to help clear the clutter and simplify our brand, hopefully becoming more accessible to our current and future clients.

"**Miller Management**" will be the complete name of our company. Our new logo emphasizes our partnership with our clients with the use of two overlapping crosses. As we are approaching 30 years of service to churches and non-profits in the Midwest - and beyond; we hope we have already become what our new tag line says, your

"Good Faith Accounting Partners".

Rest assured that the founders, the leadership, the people, and the heart behind the mission have not changed. To see more about our history of logos, visit:

MM NAMES TWO VPS

Beginning October 1st, Jennifer Ross will be only the second VP in company history and serve as Vice President of Operations. She has been faithfully serving Miller Management since 2006. Chris Miller will be the third VP in company history as the Vice President of Business Development. He has served several roles at Miller Management over the years, but has been in his current position since 2014.

"Because of our continued growth in services provided and clients served, we felt the need to not only recognize these two important leaders in our firm for their contributions and achievements, it also sets the stage to allow us to continue to grow the organization more effectively" states owner and CEO, Glenn A. Miller. "Jennifer and Chris will help Kim and I lead the company forward to serve as many churches and non-profits as God directs. They are creative, innovative managers and leaders who have already had a significant impact on our firm; this is just another step in affirming their good work."

THE HAPPENINGS

TRAINING STAFF

Our entire company enjoyed another great year of challenging and inspiring speakers at this year's Global Leadership Summit in August. The leadership principles learned at the GLS will help develop our staff's skills not only in the workplace, but also in their homes, their churches, and their communities.

BUILDING COMMUNITY

This year MM has been doing fun activities we call Random Recreational Events. We went to PowerPlay earlier this year, enjoyed our new patio with an ice cream social, went on our roof to see the Eclipse, and held our first ever Company Picnic! You can see more fun pictures on our social media accounts.

CONFERENCE PRESENTATIONS

Miller Management has been honored to speak at several important conferences over the years. We are always excited to meet and encourage pastors and administrators in our community and beyond. MM provided keynote speakers to the Capin Crouse Conferences in Chicago and Indianapolis. We provided Financial Integrity Workshops in Kansas City and St. Louis for various denominations. We were pleased to be a sponsor at the Greene County Association Missions Fair in Springfield, MO; and the upcoming Nazarene Theological Seminary's Preacher's Conference and the For the Church Conference in Kansas City, MO. Come by and see us at one of these events! If you would like for MM to sponsor an event or provide impacting speakers related to our field, contact Chris Miller at Chris.Miller@GoodFaithAccounting.com

OFFICE HACK

Create a space of peace in your office - no paperwork, just something you like to look at. Maybe it's pictures of loved ones, or a bible verse. When you need a mental break, take a look at your space and remind yourself why you are doing what you are doing.

VERSE OF THE MONTH

Ephesians 3:8-10

"This grace was given to me—the least of all the saints—to proclaim to the Gentiles the incalculable riches of the Messiah, and to shed light for all about the administration of the mystery hidden for ages in God who created all things. This is so God's multi-faceted wisdom may now be made known through the church to the rulers and authorities in the heavens.

CAPTAIN'S CORNER

"We believe the church is called to be a good steward of what God entrusts her with, financial accountability is a key to that process."
- Glenn Miller.
