

2018 YEAR-END

2018 is coming to a close in just a few short months. That means the hustle and bustle of Christmas shopping is about to be upon us. But more relevant than that, your Year-End paperwork is due.

This process can be fairly simple with *Your Guide to Year-End Success*. In that booklet, you can find all the pertinent dates and corresponding papers due, divided out by department.

We've also gone one step further this year and provided all the links and resources on our website: GoodFaithAccounting.com/Year-End. Here you will find all the forms you need to turn in along with a calendar of due dates. Everything you need in one convenient location. Any organization-specific documents will still be emailed directly to you for your privacy.

Our incredible MM staff is always available to answer any questions - whether this is your first, or tenth, Miller Management Year-End.

CONFERENCE SPOTLIGHT: LEADERSHIP AND THE CHURCH

Safety, Security, and Stability. These three topics are covered in-depth at this half-day of training. We have taken this conference all over the state this year and are closing out 2018 in Kansas City. For only \$25 you can bring up to three attendees (from the same organization). Join us on November 8th at Lenexa Baptist Church. For more information and to register, visit: LeadershipAndTheChurch.com.

THE HAPPENINGS

PASTOR APPRECIATION MONTH

October is Pastor Appreciation Month, and we wanted to take the time to celebrate our Pastors, as well as provide some helpful resources. You can see more on [this blog post](#).

Here are some of the highlights from the blog post:

- With the shocking statistics we found... “the question that begs to be asked is, ‘Why would anyone enter into a vocation with so much adversity against them from the start?’”
- Self Care is an important, but often a neglected, item. When you have a flock to tend to, you have to remember to put your health first.
- And we saved the best for last ... [a video of our staff](#) saying thank you to Pastors everywhere!

DIRECT DEPOSIT SCAM

Miller Management will NOT contact employees of the organizations we partner with, but there may be some scammers who try. We have rounded up a few articles surrounding some recent findings of a direct deposit scam. Read more about this scam and ways to avoid it on [our blog](#).

WELCOME, VICTORIA!

Victoria Bynum, a graduate of Truman State University, is a CPA and has spent the past two years at a national CPA firm. Victoria was looking for a way to combine her passion for serving the Kingdom with her accounting skills. An internship project, to connect churches with underserved communities in Nashville, sparked her passion for working with churches and non-profits. “We are thrilled to add both her skills and her mission-focused heart to our team.” - Lisa Coonfare, Accounting Department Manager
