## MANAGEMENT

— Good Faith Accounting Partners —

### PRODUCT SPOTLIGHT: DASHBOARD EMAIL

As several of you have already seen, we have a new helpful email hitting your inbox each week.

For those who are suffering from email envy - we have [the scoop on this blog post](#).

We want to thank our team at Miller Management who worked hard accomplishing this goal, those clients who were a part of our focus group, and all of you for submitting honest feedback on our year-end surveys.

This new standard service for Level 2 clients, was originally going to be released this fall. After some discussions (and a lot of caffeine) our MM team buckled down and was able to release this product during a time of what could have been financial unrest. We wanted to make sure we were providing accurate, timely, and actionable information each week so our clients could better plan accordingly.

[Learn more on this post](#) - like how much people are loving this service - and about Phase II, coming soon.

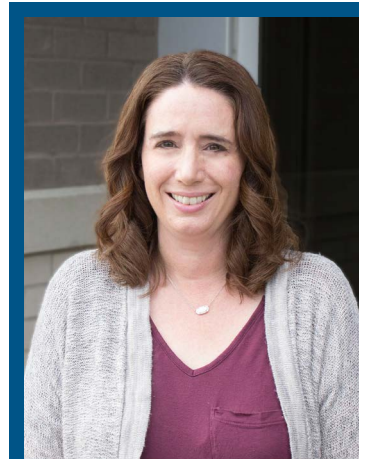

Karrie is one of MM's Payroll Specialists. When she came to us two years ago, she already had experience in both tax & accounting offices, as well as a church office.

She and her husband of 27 years have passed along a great work ethic to their three kids who are all excelling in school. They have also been in ministry together by teaching a group of Royal Rangers from Kindergarten to their Senior Year.

When Karrie is not in the office, you can find her outside kayaking, boating, and hiking; or maybe at a beach in Florida.

We appreciate all she does for the MM team!

## ICYMI: NEW POSTS

Since our [last edition](#) of *The Chronicle*, we have published a few more posts we wanted to share with you.

1. **Messaging Apps** - for both employees and for another way to reach out to your constituents.
2. **Credit Cards** - this two part series will go into the specifics of if you should hand out company credit cards to your employees. Also included, two bonus podcast episodes!
3. **Personality Styles** - another way to help deal with any conflict that may be arising. Pandemic, or no pandemic, conflict is all around us.

## WELCOME BACK

The Miller Management team was glad to resume work inside our offices again, although we were grateful for the time spent with family. We have been reflecting on the blessings and innovations that have necessitated from this crisis. "Our goal is to take what we have learned and build for a better future," remarked our CEO.

We wanted to express, again, how much we appreciate all of you - our clients - being so flexible and adaptive during this time. If you want a sneak peak at a few behind the scenes of the MM Virtual offices and happenings during the pandemic, you can see more on our [WFH blog post](#).

## OFFICE HACK

### Get Outdoors

June is National "Get Outdoors" month. While most of us have been rehashing in the outdoors during the shelter-at-home orders, we still thought it would be fun to compile some pins on [Pinterest](#) for creative ideas for getting outside.

## VERSE OF THE MONTH

### Proverbs 11:25

"A generous person will prosper; whoever refreshes others will be refreshed."

## CAPTAIN'S CORNER

"In thirty years of ministry I've noticed that money follows stewardship, not the other way around!"
