

THE CHRONICLE

We exist to partner with you for Kingdom work.

As we continue to grow and change as a company, our staff are taking on new roles. Our founder and CEO, Glenn Miller, is taking on more special projects and consulting. His passion is to help ministries rebuild so that they can once again thrive and fulfill their mission.

With Glenn stepping back from the day-to-day operations Chris Miller will be stepping into the role of President of Miller Management. In addition to leading the operations, Chris will also be doing some consulting with churches in the areas of administration and leadership.

Jennifer Ross' role of leading the client conversion team will expand to include all marketing, sales, and onboarding activities at Miller Management. Jennifer's knowledge of the company, our processes, and friendly demeanor, makes her the ideal person to greet new clients and help them on to our service.

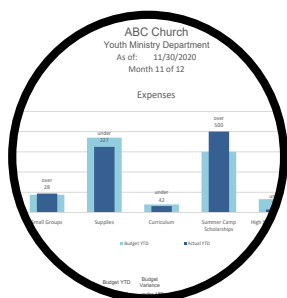

Our mission at Miller Management is to provide **Expertise** that brings **Clarity** to finances enabling leadership to have **Confidence** in decision making. These staffing changes are designed to create more capacity so that we can better serve our clients. We are looking forward to great things in the future and are so thankful we get to work with our amazing clients. Read more on our [Leadership Realignment](#) blog post.

OFFICE HACK

VERSE OF THE MONTH

Psalm 32:8

"I will instruct you and teach you in the way you should go;
I will counsel you with my eye upon you."

CAPTAIN'S CORNER

"Sometimes leaders stay too long, sometimes they don't stay long enough, move when God leads, not when you feel like it."
