

## INDUSTRY SPOTLIGHT: RESOURCES PAGE

Did you know that Miller Management provides free forms and resources on our website? On our [Forms page](#) you can search for the form or white paper you are looking for. Or filter by topic on the right of the page. If you don't see the form you are looking for, fill out our [Contact form](#) or send a quick note to your [MM representative](#) and we will work on getting you the information, or adding to our growing list of resources.

For those who often utilize our forms, we have a **new addition** to our website to share: “[Instructional Videos](#).” Remember the training you received on remote access or multi-factor authentication? Oh, it’s a little fuzzy? No problem! We now have a place for you to go first for short visual reminders to some of our most common questions on those topics.

Not only can you find instructions written out step-by-step, but there are also short videos with screen-by-screen walkthrough for each process.

Next time you have a MM question, instead of thinking “is there an app for that?” instead ask, “is there is a Resource for that?” and check out either our [Forms page](#) or our [Instructional Videos page](#). Of course, your MM representative is still available to help if you aren't able to find your specific answer.

## THROWBACK

This year marks 10 years of producing *The Chronicle*. So in this section this year, we will be highlighting a past issue. This month, we are focusing on [April 2019](#). ### VERSE OF THE MONTH

#### 1 Thessalonians 5:19-21

“Do not quench the  
Spirit. Do not despise  
prophecies, but test  
everything; hold fast  
what is good.”

### CAPTAIN'S CORNER

“Data is our friend. Too much  
data is confusing. Only track  
what you can and will manage.  
Don't undervalue common  
sense. You don't have to be an  
accountant to ask questions  
about your church's financial  
information.”

- Dr. Glenn A. Miller
