

INDUSTRY SPOTLIGHT: NEW TEAM LEADS

We have an exciting announcement to kick off our newsletter today: two additions to our Team Leads have been added! We have a great team (you already know that) but what you might not know is that we have so many Hungry, Humble, & Smart people on our team. Those qualities, combined with the depth of our teams, we got to the point where we required some more structure.

Towards that end, we promoted two staff members to Team Lead positions. To hear just a few of the nice things the managers had to say about these individuals, you can view this post: [Congratulations to Two New Team Leads](#). Congrats to Sara Fry and Jennifer Singleton! We look forward to the support this will provide the Accounting and Payroll teams. If you'd like to pass along your own congratulations, [you can say congrats here](#), or send them an email.

[Kim Berning](#) started on the MM Accounting team in 2022, just over a year ago. Before arriving at MM, she interned as an auditor working with non-profit hospitals and schools across Nebraska and Iowa. She spent her college years at Creighton in Omaha, but grew up in KC, so she is grateful to be back around family. A fun fact about Kim is that she learned to ski at three years old and loves snowy cold weather.

"I feel blessed to work with coworkers that make up the best team environment as well as great clients who use their gifts for the greater glory of God."

WELCOME NEW STAFF

Welcome to both [Jill Flynn](#) & our summer interns as they all started this past month. Jill's official title is Accountant, but she will get to help in all departments. Our summer interns will be learning all about accounting from our A-team. You can learn more about Jill on our [Our People](#) page of the MM website, and you can meet our interns on our [Facebook](#) page. We are very excited for these additions!

THROWBACK

This year marks 10 years of producing *The Chronicle*. So in this section this year, we will be highlighting a past issue. This month, we are focusing on [July 2018](#). That edition talked about checking your paystub to make sure your withholdings are correct. A mid-year check-up, so you have time to make changes if necessary, is still a practice we advise. [View that issue](#) for even more surprises.

OFFICE HACK

Audiobooks

June was Audiobook Awareness Month, whether you listen to them at work, in the car, or on a walk, they can definitely help you consume more books. You can answer our [Audiobook poll](#) and see our staff results on our Facebook post.

VERSE OF THE MONTH

Romans 12:2

“Do not be conformed to this world, but be transformed by the renewal of your mind, that by testing you may discern what is the will of God, what is good and acceptable and perfect.”

CAPTAIN'S CORNER

“Keep your ministry focused. If the devil can't kill your ministry, he will try to distract and/or dilute your ministry's effectiveness.”

- Dr. Glenn A. Miller
